## **DSI Security Services Settles Lawsuit Against Joe Hubbard**

**(Dothan, AL-September 2, 2014)**

In September 2013 a lawsuit was filed against DSI Security Services in Montgomery County related to the awarding of the Alabama State House security contract. The plaintiff in the lawsuit was represented by State Representative Joe Hubbard. In the lawsuit, several accusations were made concerning an alleged relationship between executives of DSI Security and Speaker of the House Mike Hubbard. DSI Security Services has always maintained that no such relationship ever existed and the contract was awarded in a fair and honest manner. In response to these accusations DSI Security Services filed a lawsuit in December 2013 against the plaintiff in the original case, and their attorney Joe Hubbard, seeking damages for defamation. DSI Security has now reached a settlement with Joe Hubbard. As part of that settlement, Joe Hubbard has issued the attached statement.
